AMP
(blue)

1. Unstow:
Eye Pads (2) (P4-A5)
Eye Shield (P4-A5)
Tape (P3-A8)
2. Place single Eye Pad lightly over injured eye with eyelid closed, if possible.
Tape metal Eye Shield over Eye Pad.
Do not put pressure on eye.
3. Close unaffected eye and patch with Eye Pad.
Tape in place firmly enough so that patient cannot blink.
4. Contact Surgeon.
